Appendix A.
General Explanation

CENSUS COVERAGE AND METHODOLOGY

Structure and method of enumeration. Firms in the 1992 Census of Service Industries were divided into the nonmail universe and mail universe. The coverage and the method of obtaining census information from each follow:

1. The nonmail universe consisted of firms which were not required to file a regular census return and included:

   a. All taxable nonemployers, i.e., all firms subject to Federal income tax with no paid employees during 1992. Receipts information for these firms was obtained from administrative records of other Federal agencies. Although consisting of many firms, nonemployers accounted for less than 10 percent of total receipts of all establishments covered in the census.

      The census included only those service nonemployer firms which reported a receipts volume of $1,000 or more during 1992. Establishments exempt from Federal income tax with no paid employees were excluded as in previous censuses.

      Data for nonemployers are not included in this report but are provided in a subsequent Nonemployer Statistics report (SC92-N-1).

   b. Selected small employers, i.e., single-establishment firms with payroll below a specified cutoff. (The term ''employers'' refers to firms with one or more paid employees at any time during 1992 as shown in the active administrative records of other Federal agencies.) Although the payroll cutoff varied by kind of business, small employers generally included firms with less than 10 employees and represented about 10 percent of total receipts of establishments covered in the census.

      Data on receipts, payroll, and employment for employer firms below the payroll cutoff were derived or estimated from administrative records of other Federal agencies, except for a sample of small employer firms in classifications for which specialized data requirements precluded reliance solely on administrative records sources. This sample was included in the mail universe.

2. The mail universe consisted of firms for which information was obtained by means of a mail canvass and included:

   a. Large employers, i.e., all multiestablishment firms, and all employer firms above the payroll size cutoff referred to in section 1b. Within this category, a report of company organization was conducted periodically to identify establishment locations of firms which operated at more than one location and to obtain information on payroll and mid-March employment at each location. The 1991 Report of Company Organization was used as a coverage check in the census. In the 1992 census, all multiestablishment firms were asked to notify the Census Bureau of any establishments for which a form was not received. Report forms were subsequently provided to the firms for these establishments.

   b. A sample of small employer firms in classifications for which specialized data precluded reliance solely on administrative records sources. These firms were sent the census mailing packages containing the appropriate 1992 questionnaire.

Method of classifying kinds of business. The service industries classifications for all establishments were based on the *Standard Industrial Classification Manual: 1987*[1] (SIC). However, the method of assigning these classifications, and the level of detail at which establishments were classified, differed between the nonmail and mail universes as follows:

1. The nonmail universe

   a. Nonemployers were classified on the basis of information obtained from administrative records of other Federal agencies.

   b. Selected small employers were classified on the basis of the most current census kind-of-business classification available from one of the Census Bureau's current sample surveys or the 1987 census. Otherwise, the classification was obtained from administrative records of other Federal agencies.

      If the census or administrative record classifications proved inadequate (none corresponded to a 1992 census classification in the detail required for

[1] *Standard Industrial Classification Manual: 1987.* For sale by Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. Stock No. 041-001-00314-2.

employers), the firm was sent a brief inquiry requesting information necessary to assign a 1992 census kind-of-business code.

2. Establishments in the mail universe were classified on the basis of their self-designation, answers to questions on receipts by type of service provided, and other special inquiries.

Method of assigning tax status. For kind-of-business classifications[2] where there were substantial numbers of taxable and tax-exempt establishments, establishments were classified based on the Federal income tax filing requirement for the establishment or organization. This classification was based primarily on the response to an inquiry on the census questionnaire. Establishments that indicated that all or part of their income was exempt from Federal income tax under provisions of section 501 of the IRS code were classified as tax-exempt; establishments indicating no such exemption were classified as taxable. All government-operated hospitals were classified as tax-exempt. For establishments in the nonmail universe, the tax status classification was based upon the type of tax return filed by the firm or organization.

For selected kind-of-business classifications[3] comprised primarily of tax-exempt establishments, all establishments in those classifications were defined as tax-exempt. All establishments in the remaining kind-of-business classifications (comprised primarily of taxable establishments) were defined as taxable.

COMPARABILITY OF THE 1987 AND 1992 CENSUSES

The 1987 and 1992 censuses were conducted under similar conditions and procedures except for the following:

Geographic areas. The boundaries of a number of areas for which data are shown in the 1992 census are not the same as in the 1987 census because of annexations; other boundary changes; and redefinitions of metropolitan statistical areas (MSA's), primary metropolitan statistical areas (PMSA's), and consolidated metropolitan statistical areas (CMSA's).[4] In addition, data for consolidated cities are included in the 1992 census.

Data for special economic urban areas (SEUA's) with 10,000 inhabitants or more in Michigan, Minnesota, New York, and Wisconsin qualified for publication in the 1992 census. This included townships in Michigan and Minnesota and towns in New York and Wisconsin. However, Minnesota did not have any townships that met the population criteria.

Nonemployer firms. In 1987, data for nonemployer firms were published for the United States, States, metropolitan areas, counties, and places in four regional reports in the Nonemployer Statistics Series (SC87-N-1 to -4).

For 1992, data for nonemployers by kind of business are presented in one *Nonemployer Statistics* report (SC92-N-1) for the United States, States, and metropolitan areas. Nonemployer data for counties and places are available on compact disc-read only memory (CD-ROM).

Employment. In 1987, employment data withheld to avoid disclosing data for individual companies were represented with the symbol ''(D).'' In 1992, withheld employment data are represented with symbols that denote employment size ranges. These symbols are defined in the introductory text.

Sources of receipts/ revenue. In 1987, data on sources of receipts/ revenue for selected industries were published with other industry-specific data in the *Miscellaneous Subjects* report (SC87-S-4) of the Subject Series. In 1992, sources of receipts/ revenue data are presented separately in the *Sources of Receipts or Revenue* report (SC92-S-4) of the Subject Series.

Legal form of organization. In 1987, data on the number of individual proprietorships/ partnerships were published in the Geographic Area Series. In 1992, individual proprietorship/ partnership data are published in the *Establishment and Firm Size* report (SC87-S-1) and in the *Nonemployer Statistics* report (SC87-N-1).

TREATMENT OF NONRESPONSE

Census report forms included two different types of inquiries, ''basic'' and ''special.'' Basic or general inquiries, which included location, kind of business or operation, receipts or revenue, payroll, number of employees, and legal form of organization, were available from a combination of sources of all establishments. (See ''General Description of the Census'' in the Introduction.) Special inquiries, tailored to the particular kinds of business or operation covered by the report, were available only from establishments in the mail universe that completed the appropriate inquiries on the questionnaire.

Data for special inquiries in this report have been expanded in most tables to account for establishments that did not respond to the particular inquiry for which data are presented. Data presented for special inquiries based on a December 31 reference date have been expanded in direct relationship to total annualized receipts or revenue of only those establishments in business at the end of the year. Unless otherwise noted in specific tables, data for all other special inquiries have been expanded in direct relationship to total receipts or revenue of all establishments included on the data line. It is assumed that the characteristics of establishments not responding to a

[2]SIC's 7032, 792, 7991 pt., 7997, 7999 pt., 8011 pt., 8021 pt., 805, 806, 808, 809, 82, 83, 84 pt., 873 ex. 8733, 874 ex. 8744.

[3]SIC's 7041, 8111 pt., 84 pt., 86, 8733.

[4]Newly defined metropolitan areas (MA's) were announced by the Office of Management and Budget (OMB) effective June 30, 1993.

particular special inquiry are the same as those of establishments in the same category (publication table line) that did respond to the inquiry. In a few tables in this report, expansion on the basis of the receipts or revenue item was not appropriate, and another basic data item was used as the basis for expansion of reported data to account for nonrespondents.

All tables in which data are expanded to account for nonrespondents include a coverage indicator for each publication category, which shows the receipts or revenue of establishments responding to the special inquiry as a percent of total receipts or revenue of all establishments for which data are shown. Where appropriate, other basic data items may be used in lieu of receipts or revenue. Unless otherwise noted in the specific table, data are shown in this report only for categories for which coverage, or level of response, was 60 percent or higher. Coverage is usually determined by the ratio of total receipts or revenue of establishments responding to the inquiry to total receipts or revenue of all establishments in the category.

EXPLANATION OF TERMS

Establishments. An establishment is a single physical location at which business is conducted. It is not necessarily identical with a company or enterprise, which may consist of one establishment or more. Statistics for service industries represent a summary of reports for individual establishments rather than companies. For cases where a census report was received, separate information was obtained for each location where business was conducted. When administrative records of other Federal agencies were used instead of a census report, no information was available on the number of locations operated. Estimates of this number were derived from a sample and are provided in the service industries report, *Miscellaneous Subjects* (SC92-S-5). Each census report was tabulated according to the physical location at which the business was conducted. The count of establishments represents those in business at any time during 1992. Appendix G provides a comparison of the number of establishments active any time during the year versus the number in business at the end of the year.

When two activities or more were carried on at a single location under a single ownership, all activities generally were grouped together as a single establishment. The entire establishment was classified on the basis of its major activity and all data for it were included in that classification. However, when distinct and separate economic activities (for which different industry classification codes were appropriate) were conducted at a single location under a single ownership, and when conditions prescribed by the SIC manual for recognizing the existence of more than one establishment were met, separate establishment reports for each of the different activities were obtained in the census.

Leased service departments (separately owned businesses operated as departments or concessions of other service establishments or of retail businesses, such as a separately owned shoeshine parlor in a barber shop, or a beauty shop in a department store) are treated as separate service establishments for census purposes. Leased retail departments located in service establishments (e.g., a gift shop located in a hotel) are considered separate retail establishments.

Firms. A firm is a business organization or entity consisting of one domestic establishment (location) or more under common ownership or control. All establishments of subsidiary firms are included as part of the controlling firm. For the economic census, the terms ''firm'' and ''company'' are synonymous.

Receipts (Basic dollar volume measure for service establishments of firms subject to Federal income tax). Includes receipts from customers or clients for services rendered, from the use of facilities, and from merchandise sold during 1992 whether or not payment was received in 1992, except for health practitioners and legal, architectural, engineering, and surveying services, which reported on a cash basis (payments received in 1992 regardless of when services were rendered). Excise taxes on gasoline, liquor, tobacco, etc., which are paid by the manufacturer or wholesaler and passed on in the cost of goods purchased by the service establishment, are also included. Receipts from leasing of vehicles, equipment, etc., marketed under operating leases are included in receipts figures as well as the fair sales value of merchandise marketed in 1992 under capital, finance, or ''full payout'' leases. Receipts also include the total value of service contracts, amounts received for work subcontracted to others, and dues and assessments from members and affiliates.

Receipts are net after deductions for refunds and allowances for merchandise returned by customers. Receipts do not include sales, occupancy, admissions, or other taxes collected from customers and remitted directly by the firm to a local, State, or Federal tax agency, nor do they include income from such sources as contributions, gifts, and grants; dividends, interest, and investments; or sale or rental of real estate. Also excluded are rents from and receipts (gross as well as the establishment's share) of departments and concessions which are operated by others; sales of used equipment rented or leased to customers; commissions from vending machine operators; and other nonoperating income such as royalties, franchise fees, etc.

Receipts in this report do not include service receipts of manufacturers, wholesalers, retail establishments, or other businesses whose primary activity is other than service. They do, however, include receipts other than from services rendered (e.g., sale of merchandise to individuals or other businesses) by establishments primarily engaged in performing services and classified in the service industries.

Revenue (Basic dollar volume measure for firms exempt from Federal income tax). Includes revenue from customers or clients for services rendered and merchandise sold during 1992, whether or not payment was received in

1992. Also included are income from interest, dividends, gross contributions, gifts, grants (whether or not restricted for use in operations), rents, royalties, dues and assessments from members and affiliates, and receipts from fundraising activities. Receipts from taxable business activities of firms exempt from Federal income tax (Unrelated Business Income) are also included in revenue.

Revenue does not include sales, admissions, or other taxes collected by the organization from customers or clients and paid directly to a local, State, or Federal tax agency; income from the sale of real estate, investments, or other assets (except inventory held for resale); gross receipts of departments, concessions, etc., that are operated by others; and amounts transferred to operating funds from capital or reserve funds.

Annual payroll. Payroll includes all forms of compensation, such as salaries, wages, commissions, bonuses, vacation allowances, sick-leave pay, employee contributions to qualified pension plans, and the value of payments in kind (e.g., free meals and lodgings) paid during the year to all employees. Tips and gratuities received by employees from patrons and reported to employers are included. For corporations, payroll includes amounts paid to officers and executives; for unincorporated businesses, it does not include profit or other compensation of proprietors or partners. Payroll is reported before deductions for social security, income tax, insurance, union dues, etc. This definition of payroll is the same as that used by the Internal Revenue Service (IRS) on form 941.

First-quarter payroll. This item consists of payroll, as defined above, paid to persons employed at any time during the quarter January to March 1992.

Paid employees for pay period including March 12. Paid employees consist of the full- and part-time employees, including salaried officers and executives of corporations, who were on the payroll during the pay period including March 12. Included are employees on paid sick leave, paid holidays, and paid vacations; not included are proprietors and partners of unincorporated businesses. The definition of paid employees is the same as that used on IRS form 941.

Auxiliary establishments. Each company included in this census was asked to identify and separately report auxiliary locations whose primary functions were to manage, administer, service, or support the activities of the other establishments of the company. Data presented in this report do not include auxiliary establishments. Data for auxiliaries are presented in a subsequent report issued as part of the *1992 Enterprise Statistics* reports.

Receipts from other sources. This term applies only to firms subject to Federal income tax, and consists of receipts other than from customers, such as rental and commission receipts from operators of leased departments, concessions and stores, and coin-operated machines.

Guestrooms. Guestrooms consist of the number of rooms, apartments, cabin units, and other types of lodging accommodations that are normally rented as single units. A suite of rooms which cannot be subdivided is counted as a single unit. The number of guestrooms as of December 31, 1992 was tabulated only from establishments in business at the end of the year.

Transient guestrooms consist of the number of units usually available for the occupancy of persons staying less than one month. Residential guestrooms consist of the number of units usually available for the occupancy of persons staying a month or longer.

KIND-OF-BUSINESS CLASSIFICATIONS

Establishments covered by the census were assigned kind-of-business classifications according to the industry classifications defined in the 1987 SIC manual. When a more detailed classification than defined in the SIC manual was needed, additional kinds of business were identified within an SIC industry.

The basis for a kind-of-business classification is described above in Method of Classifying Kinds of Business. Descriptions of those kinds of business for which data are provided in this report follow.

Hotels, Rooming Houses, Camps, and Other Lodging Places (SIC Major Group 70)

This group includes establishments engaged in providing lodging, or lodging and meals, and camping facilities. Hotels which provide accommodations for permanent residents (e.g., apartment hotels) and residential mobile home parks are classified in Real Estate, Major Group 65.

Hotels and motels (SIC 7011). Commercial establishments, known to the public as hotels, motor hotels, motels, or tourist courts, primarily engaged in providing lodging, or lodging and meals.

In some tables of this report, data are presented for the following subdivisions of this classification:

1. Hotels, 25 guestrooms or more.
2. Hotels, less than 25 guestrooms.
3. Motels, tourist courts.
4. Motor hotels.

The classification of individual establishments into hotels, motor hotels, and motels and tourist courts was based primarily on the respondents' self-designation.

Rooming and boarding houses (SIC 702). Establishments renting rooms, with or without board, on a fee basis. Homes for the elderly, for children, and for the handicapped that provide additional services, other than nursing care, are classified in Industry 8361, and homes that provide nursing and/ or health-related care are classified in

Industry Group 805. Rooming and boarding houses operated by membership organizations for their members only are classified in Industry 7041.

Sporting and recreational camps (SIC 7032). Sporting and recreational camps providing lodging and meals, or lodging only. Included are children's camps, fishing camps, hunting camps, and dude ranches. Day camps and sports instructional camps, such as baseball, basketball, or football camps, are classified in Industry 7999.

Recreational vehicle parks and campsites (SIC 7033). Establishments providing overnight or short-term sites for recreational vehicles, trailers, campers, or tents. Residential trailer and mobile home parks are classified in Real Estate, Major Group 65.

Organization hotels and lodging houses, on membership basis (SIC 704). Lodging houses and hotels operated by membership organizations for the benefit of their members and guests, and not open to the general public. Hotels operated by such organizations but open to the public are classified in Industry 7011. Residential homes for the elderly and others in need of residential, social, and personal care are classified in Industry 8361.

Appendix D.
Metropolitan Areas

[Titles and definitions shown for MSA's, CMSA's, and PMSA's are those established by the Office of Management and Budget as of June 30, 1993]

Abilene, TX MSA
- Taylor County, TX

Akron, OH PMSA—see Cleveland–Akron, OH CMSA

Albany, GA MSA
- Dougherty County, GA
- Lee County, GA

Albany–Schenectady–Troy, NY MSA
- Albany County, NY
- Montgomery County, NY
- Rensselaer County, NY
- Saratoga County, NY
- Schenectady County, NY
- Schoharie County, NY

Albuquerque, NM MSA
- Bernalillo County, NM
- Sandoval County, NM
- Valencia County, NM

Alexandria, LA MSA
- Rapides Parish, LA

Allentown–Bethlehem–Easton, PA MSA
- Carbon County, PA
- Lehigh County, PA
- Northampton County, PA

Altoona, PA MSA
- Blair County, PA

Amarillo, TX MSA
- Potter County, TX
- Randall County, TX

Anchorage, AK MSA
- Anchorage Borough, AK

Ann Arbor, MI PMSA—see Detroit–Ann Arbor–Flint, MI CMSA

Anniston, AL MSA
- Calhoun County, AL

Appleton–Oshkosh–Neenah, WI MSA
- Calumet County, WI
- Outagamie County, WI
- Winnebago County, WI

Asheville, NC MSA
- Buncombe County, NC
- Madison County, NC

Athens, GA MSA
- Clarke County, GA
- Madison County, GA
- Oconee County, GA

Atlanta, GA MSA
- Barrow County, GA
- Bartow County, GA

Atlanta, GA MSA—Con.
- Carroll County, GA
- Cherokee County, GA
- Clayton County, GA
- Cobb County, GA
- Coweta County, GA
- DeKalb County, GA
- Douglas County, GA
- Fayette County, GA
- Forsyth County, GA
- Fulton County, GA
- Gwinnett County, GA
- Henry County, GA
- Newton County, GA
- Paulding County, GA
- Pickens County, GA
- Rockdale County, GA
- Spalding County, GA
- Walton County, GA

Atlantic–Cape May, NJ PMSA—see Philadelphia–Wilmington–Atlantic City, PA–NJ–DE–MD CMSA

Augusta–Aiken, GA–SC MSA
- Columbia County, GA
- McDuffie County, GA
- Richmond County, GA
- Aiken County, SC
- Edgefield County, SC

Austin–San Marcos, TX MSA
- Bastrop County, TX
- Caldwell County, TX
- Hays County, TX
- Travis County, TX
- Williamson County, TX

Bakersfield, CA MSA
- Kern County, CA

Baltimore, MD PMSA—see Washington–Baltimore, DC–MD–VA–WV CMSA

Bangor, ME MSA
- Penobscot County, ME (part)
  - Bangor city, ME
  - Brewer city, ME
  - Eddington town, ME
  - Glenburn town, ME
  - Hampden town, ME
  - Hermon town, ME
  - Holden town, ME
  - Kenduskeag town, ME
  - Milford town, ME
  - Old Town city, ME
  - Orono town, ME
  - Orrington town, ME
  - Penobscot Indian Island Reservation, ME
  - Veazie town, ME

Bangor, ME MSA—Con.
- Waldo County, ME (part)
  - Winterport town, ME

Barnstable–Yarmouth, MA MSA
- Barnstable County, MA (part)
  - Barnstable city, MA
  - Brewster town, MA
  - Chatham town, MA
  - Dennis town, MA
  - Eastham town, MA
  - Harwich town, MA
  - Mashpee town, MA
  - Orleans town, MA
  - Sandwich town, MA
  - Yarmouth town, MA

Baton Rouge, LA MSA
- Ascension Parish, LA
- East Baton Rouge Parish, LA
- Livingston Parish, LA
- West Baton Rouge Parish, LA

Beaumont–Port Arthur, TX MSA
- Hardin County, TX
- Jefferson County, TX
- Orange County, TX

Bellingham, WA MSA
- Whatcom County, WA

Benton Harbor, MI MSA
- Berrien County, MI

Bergen–Passaic, NJ PMSA—see New York–Northern New Jersey–Long Island, NY–NJ–CT–PA CMSA

Billings, MT MSA
- Yellowstone County, MT

Biloxi–Gulfport–Pascagoula, MS MSA
- Hancock County, MS
- Harrison County, MS
- Jackson County, MS

Binghamton, NY MSA
- Broome County, NY
- Tioga County, NY

Birmingham, AL MSA
- Blount County, AL
- Jefferson County, AL
- St. Clair County, AL
- Shelby County, AL

Bismarck, ND MSA
- Burleigh County, ND
- Morton County, ND

Bloomington, IN MSA
- Monroe County, IN

Bloomington–Normal, IL MSA
- McLean County, IL

Boise City, ID MSA
- Ada County, ID
- Canyon County, ID

Boston, MA–NH PMSA—see Boston–Worcester–Lawrence, MA–NH–ME–CT CMSA

Boston–Worcester–Lawrence, MA–NH–ME–CT CMSA
- Boston, MA–NH PMSA
  - Bristol County, MA (part)
    - Berkley town, MA
    - Dighton town, MA
    - Mansfield town, MA
    - Norton town, MA
    - Taunton city, MA
  - Essex County, MA (part)
    - Amesbury town, MA
    - Beverly city, MA
    - Danvers town, MA
    - Essex town, MA
    - Gloucester city, MA
    - Hamilton town, MA
    - Ipswich town, MA
    - Lynn city, MA
    - Lynnfield town, MA
    - Manchester town, MA
    - Marblehead town, MA
    - Middleton town, MA
    - Nahant town, MA
    - Newbury town, MA
    - Newburyport city, MA
    - Peabody city, MA
    - Rockport town, MA
    - Rowley town, MA
    - Salem city, MA
    - Salisbury town, MA
    - Saugus town, MA
    - Swampscott town, MA
    - Topsfield town, MA
    - Wenham town, MA
  - Middlesex County, MA (part)
    - Acton town, MA
    - Arlington town, MA
    - Ashland town, MA
    - Ayer town, MA
    - Bedford town, MA
    - Belmont town, MA
    - Boxborough town, MA
    - Burlington town, MA
    - Cambridge city, MA
    - Carlisle town, MA
    - Concord town, MA
    - Everett city, MA
    - Framingham town, MA
    - Holliston town, MA
    - Hopkinton town, MA
    - Hudson town, MA
    - Lexington town, MA
    - Lincoln town, MA
    - Littleton town, MA
    - Malden city, MA
    - Marlborough city, MA
    - Maynard town, MA
    - Medford city, MA
    - Melrose city, MA
    - Natick town, MA
    - Newton city, MA
    - North Reading town, MA
    - Reading town, MA
    - Sherborn town, MA
    - Shirley town, MA
    - Somerville city, MA
    - Stoneham town, MA

Boston–Worcester–Lawrence, MA–NH–ME–CT CMSA—Con.
- Boston, MA–NH PMSA—Con.
  - Middlesex County, MA (part)—Con.
    - Stow town, MA
    - Sudbury town, MA
    - Townsend town, MA
    - Wakefield town, MA
    - Waltham city, MA
    - Watertown city, MA
    - Wayland town, MA
    - Weston town, MA
    - Wilmington town, MA
    - Winchester town, MA
    - Woburn city, MA
  - Norfolk County, MA (part)
    - Bellingham town, MA
    - Braintree town, MA
    - Brookline town, MA
    - Canton town, MA
    - Cohasset town, MA
    - Dedham town, MA
    - Dover town, MA
    - Foxborough town, MA
    - Franklin city, MA
    - Holbrook town, MA
    - Medfield town, MA
    - Medway town, MA
    - Millis town, MA
    - Milton town, MA
    - Needham town, MA
    - Norfolk town, MA
    - Norwood town, MA
    - Plainville town, MA
    - Quincy city, MA
    - Randolph town, MA
    - Sharon town, MA

Acknowledgments

Many persons participated in the various activities of the 1992 Census of Service Industries. The overall planning and review of the census operations were performed by the Economic Census Staff of the Economic Planning and Coordination Division.

This report was prepared in the Services Division. **Bobby E. Russell,** Assistant Chief for Census Programs, was responsible for the overall planning, management, and coordination of the census of service industries. Planning and implementation were under the direction of **Jack B. Moody,** Chief, Service Census Branch, with primary staff assistance by **Jack R. Drago, Barbara S. Tinari, Kirk K. Degler, Joseph R. Fuller, Susan G. Baker, Deborah M. Stempowski, Brian D. Gregory, Marie C. Lally, Theresa L. Steele, Chris E. Blackburn, M. Craig Schadt, Arthur B. Stewart, Evelyn D. Butler,** and **Julie K. Harding.**

Systems and procedures for mailout, receipt, correspondence, data input, industry classification, other clerical processing, administrative record processing, quality control, and the associated electronic computer programs, were developed in the Economic Planning and Coordination Division.

Mailout preparation and receipt operations, clerical and analytical review activities, data keying, and geocoding review were performed by the staff of the Data Preparation Division, **Judith N. Petty,** Chief.

Geographic coding procedures and associated computer programs were developed by the staff of the Geography Division, **Joel L. Morrison,** Chief.

The computer processing systems were developed and coordinated in the Economic Statistical Methods and Programming Division, **Charles P. Pautler, Jr.,** Chief. **Martin S. Harahush,** Assistant Chief for Quinquennial Programs, was responsible for design and implementation of the computer systems. The computer programs were prepared under the supervision of **William C. Wester,** Chief, Services Branch, assisted by **Jeffrey S. Rosen, David L. Sipes, Donell D. Barnes,** and **Duc-Mong Nguyen.**

Computer processing was performed in the Computer Services Division, **Marvin D. Raines,** Chief.

The staff of the Administrative and Customer Services Division, **Walter C. Odom,** Chief, performed planning, design, composition, editorial review, and printing planning and procurement for publications and report forms. **Margaret A. Smith** provided publication coordination and editing.

Special acknowledgment is also due the many businesses whose cooperation has contributed to the publication of these data.

If you have any questions concerning the statistics in this report, call 301-457-2689.

Publication Program

1992 CENSUS OF SERVICE INDUSTRIES

Publications of the 1992 Census of Service Industries containing data on service industries establishments in the United States are described below. Publication order forms for specific reports may be obtained from any Department of Commerce district office or from Customer Services, Bureau of the Census, Washington, DC 20233-1900. The first results were issued in press releases. Final detailed statistics are issued in separate paperbound reports and compact disc-read only memory (CD-ROM).

Final Reports

Geographic area series—52 reports (SC92-A-1 to -52)

A separate paperbound report containing data for establishments with payroll is published for each State, the District of Columbia, and the United States. For establishments of firms subject to Federal income tax, each State report presents general statistics on number of establishments, receipts, payroll, and employment, by varied service classifications, for the State, metropolitan areas (MA's), counties, and places with 350 service establishments or more, by kind of business. Greater kind-of-business detail is shown for larger areas. In addition, for places with 2,500 inhabitants or more and for all counties, statistics are provided on number of establishments and receipts for 10 major kind-of-business groups. For establishments of firms exempt from Federal income tax, each State report presents statistics on number of establishments, revenue, payroll, and employment by varied service classifications, for the State and MA's. Greater kind-of-business detail is shown for larger areas.

The United States Summary report presents data for the United States as a whole for establishments with payroll of firms subject to Federal income tax, as well as those exempt from Federal income tax, for detailed kind-of-business classifications. Statistics on number of establishments and receipts/ revenue are also shown for States and MA's by kind of business.

For each State, the District of Columbia, and the United States, 1992 data are provided on receipts/ revenue and employees per establishment and on receipts/ revenue and payroll per employee. Comparative statistics showing percent changes in receipts/ expenses and payroll between 1987 and 1992 also are shown.

Nonemployer statistics series—1 report (SC92-N-1)

This report includes data by kind of business for all establishments, establishments with payroll, and establishments without payroll for the United States and States. Also presented are statistics for establishments without payroll including number of establishments and receipts/ revenue by varied service classifications for MA's.

Similar data for counties and places with 2,500 inhabitants or more are available on electronic media only.

Subject series—5 reports (SC92-S-1 to -5)

The *Establishment and Firm Size* report (SC92-S-1) presents data for establishments with payroll, based on size of establishment, size of company or firm, and legal form of organization. Establishment statistics are presented by receipts/ revenue size and by employment size; statistics for firms, by receipts/ revenue size (including concentration by largest firms), by employment size, and by number of establishments operated (single units and multiunits). Statistics are presented by kind of business on the number of establishments, receipts/ revenue, payroll, and employment for the United States.

The *Capital Expenditures, Depreciable Assets, and Operating Expenses* report (SC92-S-2) presents data for firms with payroll for the United States by major kind of business. Operating expenses include annual payroll, supplemental labor costs, purchased services, etc. Receipts data also are provided.

Three other reports *(Hotels, Motels, and Other Lodging Places* (SC92-S-3), *Sources of Receipts or Revenue* (SC92-S-4), and *Miscellaneous Subjects* (SC92-S-5)) present data for the United States as a whole and, where feasible, for States and MA's.

Electronic Media

All data included in the printed reports are available on CD-ROM, except for Capital Expenditures, Depreciable Assets, and Operating Expenses; Hotels, Motels, and Other Lodging Places; and Miscellaneous Subjects reports. The CD-ROM's provide the same information found in the final reports as well as additional information not published in the final reports, such as ZIP Code statistics available from series SC92-Z, and nonemployer data for counties and places from series SC92-N. Electronic media products are available for users who wish to summarize, rearrange, or process large amounts of data. These products, with corresponding technical documentation, are sold by Customer Services, Bureau of the Census, Washington, DC 20233-1900.

OTHER ECONOMIC CENSUS REPORTS

Data on retail trade, wholesale trade, financial, insurance, real estate, construction industries, manufactures, mineral industries, transportation, communications, utilities, enterprise statistics, minority-owned business enterprises, and women-owned businesses also are available from the 1992 Economic Census. A separate series of reports covers the census of outlying areas—Puerto Rico, Virgin Islands of the United States, Guam, and the Northern Marianas. Separate announcements describing these reports are available free of charge from Customer Services, Bureau of the Census, Washington, DC 20233-1900.

Introduction to the Economic Census

PURPOSES AND USES OF THE ECONOMIC CENSUS

The economic census is the major source of facts about the structure and functioning of the Nation's economy. It provides essential information for government, business, industry, and the general public.

The economic census furnishes an important part of the framework for such composite measures as the gross domestic product, input/ output measures, production and price indexes, and other statistical series that measure short-term changes in economic conditions.

Policymaking agencies of the Federal Government use the data, especially in monitoring economic activity and providing assistance to business.

State and local governments use the data to assess business activities and tax bases within their jurisdictions and to develop programs to attract business.

Trade associations study trends in their own and competing industries and keep their members informed of market changes.

Individual businesses use the data to locate potential markets and to analyze their own production and sales performance relative to industry or area averages.

AUTHORITY AND SCOPE

Title 13 of the United States Code (sections 131, 191, and 224) directs the Census Bureau to take the economic census every 5 years, covering years ending in 2 and 7. The 1992 Economic Census consists of the following eight censuses:

- Census of Retail Trade
- Census of Wholesale Trade
- Census of Service Industries
- Census of Financial, Insurance, and Real Estate Industries
- Census of Transportation, Communications, and Utilities
- Census of Manufactures
- Census of Mineral Industries
- Census of Construction Industries

Special programs also cover enterprise statistics and minority-owned and women-owned businesses. (The 1992 Census of Agriculture and 1992 Census of Governments are conducted separately.) The next economic census is scheduled to be taken in 1998 covering the year 1997.

AVAILABILITY OF THE DATA

The results of the economic census are available in printed reports for sale by the U.S. Government Printing Office and on compact discs for sale by the Census Bureau. Order forms for all types of products are available on request from Customer Services, Bureau of the Census, Washington, DC 20233-8300. A more complete description of publications being issued from this census is on the inside back cover of this document.

Census facts are also widely disseminated by trade associations, business journals, and newspapers. Volumes containing census statistics are available in most major public and college libraries. Finally, State Data Centers in every State as well as business and industry data centers in many States also supply economic census statistics.

WHAT'S NEW IN 1992

The 1992 Economic Census covers more of the economy than any previous census. New for 1992 are data on communications, utilities, financial, insurance, and real estate, as well as coverage of more transportation industries. The economic, agriculture, and governments censuses now collectively cover nearly 98 percent of all economic activity.

Among other changes, new 1992 definitions affect the boundaries of about a third of all metropolitan areas. Also, the Survey of Women-Owned Businesses has now been expanded to include all corporations.

HISTORICAL INFORMATION

The economic census has been taken as an integrated program at 5-year intervals since 1967 and before that for 1963, 1958, and 1954. Prior to that time, the individual subcomponents of the economic census were taken separately at varying intervals.

The economic census traces its beginnings to the 1810 Decennial Census, when questions on manufacturing were included with those for population. Coverage of economic activities was expanded for 1840 and subsequent censuses to include mining and some commercial activities. In 1902, Congress established a permanent Census Bureau and directed that a census of manufactures be taken every 5 years. The 1905 Manufactures Census was the first time a census was taken apart from the regular every-10-year population census.

The first census of business was taken in 1930, covering 1929. Initially it covered retail and wholesale trade and construction industries, but it was broadened in 1933 to include some of the service trades.

The 1954 Economic Census was the first census to be fully integrated—providing comparable census data across economic sectors, using consistent time periods, concepts, definitions, classifications, and reporting units. It was the first census to be taken by mail, using lists of firms provided by the administrative records of other Federal agencies. Since 1963, administrative records also have been used to provide basic statistics for very small firms, reducing or eliminating the need to send them census questionnaires. The Enterprise Statistics Program, which publishes combined data from the economic census, was made possible with the implementation of the integrated census program in 1954.

The range of industries covered in the economic censuses has continued to expand. The census of construction industries began on a regular basis in 1967, and the scope of service industries was broadened in 1967, 1977, and 1987. The census of transportation began in 1963 as a set of surveys covering travel, transportation of commodities, and trucks, but expanded in 1987 to cover business establishments in several transportation industries. For 1992, these statistics are incorporated into a broadened census of transportation, communications, and utilities. Also new for 1992 is the census of financial, insurance, and real estate industries. This is part of a gradual expansion in coverage of industries previously subjected to government regulation.

The Survey of Minority-Owned Business Enterprises was first conducted as a special project in 1969 and was incorporated into the economic census in 1972 along with the Survey of Women-Owned Businesses.

An economic census has also been taken in Puerto Rico since 1909, in the Virgin Islands of the United States and Guam since 1958, and in the Commonwealth of the Northern Mariana Islands since 1982.

Statistical reports from the 1987 and earlier censuses provide historical figures for the study of long-term time series and are available in some large libraries. All of the census data published since 1967 are still available for sale on microfiche from the Census Bureau.

AVAILABILITY OF MORE FREQUENT ECONOMIC DATA

While the census provides complete enumerations every 5 years, there are many needs for more frequent data as well. The Census Bureau conducts a number of monthly, quarterly, and annual surveys, with the results appearing in publication series such as Current Business Reports (retail and wholesale trade and service industries), the Annual Survey of Manufactures, Current Industrial Reports, and the Quarterly Financial Report. Most of these surveys, while providing more frequent observations, yield less kind-of-business and geographic detail than the census. The County Business Patterns program offers annual statistics on the number of establishments, employment, and payroll classified by industry within each county.

SOURCES FOR MORE INFORMATION

More information about the scope, coverage, classification system, data items, and publications for each of the economic censuses and related surveys is published in the *Guide to the 1992 Economic Census and Related Statistics*. More information on the methodology, procedures, and history of the censuses will be published in the *History of the 1992 Economic Census*. Contact Customer Services for information on availability.

Census of Service Industries

GENERAL

The 1992 Census of Service Industries, part of the 1992 Economic Census, covered service industries as defined in Division I of the *Standard Industrial Classification Manual: 1987*[1] (SIC), except Elementary and Secondary Schools (SIC 821), Colleges, Universities, Professional Schools, and Junior Colleges (SIC 822), Labor Unions and Similar Labor Organizations (SIC 863), Political Organizations (SIC 865), Religious Organizations (SIC 866), and Private Households (SIC 881). The census also excluded governmental establishments classified in the covered industries, except for government-operated hospitals which were included.

Data are presented for establishments in the following classifications:

SIC code	Title
70	Hotels, rooming houses, camps, and other lodging places
72	Personal services
73	Business services
75	Automotive repair, services, and parking
76	Miscellaneous repair services
78	Motion pictures
79	Amusement and recreation services
80	Health services
81	Legal services
823, 4, 9	Selected educational services
83	Social services
84	Museums, art galleries, and botanical and zoological gardens
861, 2, 4, 9	Selected membership organizations
87	Engineering, accounting, research, management, and related services
89	Services, not elsewhere classified

This series of reports presents data for service establishments of firms subject to Federal income tax and (in separate tables) of firms which are exempt from Federal income tax under provisions of the Internal Revenue Code. Only establishments with some payroll during the year are included. For a more detailed explanation, see appendix A.

[1] *Standard Industrial Classification Manual: 1987.* For sale by Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. Stock no. 041-001-00314-2.

Many of the ''kinds of business or operation'' included in this report are not thought of as commercial businesses, and the terms (such as ''business,'' ''establishment,'' and ''firm'') used to describe them may not be descriptive of such services, particularly for not-for-profit and professional services. However, these terms are applied to all ''kinds of business or operation'' in order to maintain conformity in the measures of the production and delivery of goods and services and in the presentation of data.

The basic tabulations in this report do not include data for establishments which are auxiliary (primary function is providing a service, such as warehousing or bookkeeping) to service establishments within the same organization. Data for auxiliaries are presented in a subsequent report issued as part of the 1992 Enterprise Statistics reports.

For the 1992 Census of Service Industries, large- and medium-size firms, plus all firms known to operate more than one establishment, were sent questionnaires to be completed and returned to the Census Bureau by mail. For most very small firms, including those with no paid employees, data from existing administrative records of other Federal agencies were used instead. These records provided basic information on location, kind of business, receipts, payroll, number of employees, and legal form of organization. In addition, more detailed information for selected kinds of business was obtained on the various questionnaires.

Appendix A gives a more detailed explanation of census coverage and methodology.

CENSUS DISCLOSURE RULES

In accordance with Federal law governing census reports, no data are published that would disclose the operations of an individual establishment or business. However, the number of establishments in a kind-of-business classification is not considered a disclosure, so this information may be released even though other information is withheld.

GEOGRAPHIC AREAS COVERED

This report series presents data for the following areas:

1. The United States as a whole.
2. Each State and the District of Columbia.

3. Each consolidated metropolitan statistical area (CMSA) and primary metropolitan statistical area (PMSA) defined by the Office of Management and Budget (OMB) as of June 30, 1993 . A CMSA is an area used to facilitate the presentation and analysis of data for large concentrations of metropolitan populations. It includes two or more contiguous PMSA's which have a population of at least 1,000,000[2] and which meet specific criteria of urban character and of social and economic integration.

4. Each metropolitan statistical area (MSA) defined by the OMB as of June 30, 1993. An MSA is an integrated economic and social unit with a population nucleus of at least 50,000 inhabitants.[2] Each MSA consists of one or more counties meeting standards of metropolitan character; in New England, cities and towns rather than counties are the component geographic units.

DOLLAR VALUES

All dollar values presented in this report are expressed in current dollars, i.e., 1992 data are expressed in 1992 dollars and 1987 data in 1987 dollars. Consequently, when making comparisons to prior years, users of the data should consider the inflation that has occurred.

RELIABILITY OF DATA

The data presented on various subjects included in this report are based, in part, upon a sample and, therefore, are subject to both sampling errors and nonsampling errors. Specifically, these data are estimated based on information obtained from census questionnaires mailed to all large employers and to a sample of small employers in the service universe. Sampling errors affect these estimates insofar as they may differ from results that would be obtained from a complete enumeration. Nonsampling errors can be attributed to many sources: inability to identify all cases in the actual universe; definition and classification difficulties; differences in the interpretation of questions; errors in recording or coding the data obtained; and other errors of collection, response, coverage, processing, and estimation for missing or misreported data.

The reliability of data estimates on the selected topics presented in this report is determined by the joint effects of sampling and nonsampling errors. No direct measurement of these effects has been obtained except for estimation for missing or misreported data; however, precautionary steps were taken in all phases of the collection, processing, and tabulation of the data in an effort to minimize the effects of nonsampling errors. Appendix A provides more detailed information on the sampling procedure (see Census Coverage and Methodology) and estimation procedure (see Treatment of Nonresponse) that apply to those data. Also see appendix E for an indication on the extent that data for kind-of-business totals included in this report were obtained from the administrative records of other Federal agencies and from estimation, rather than reports directly from respondents.

[2]According to the 1990 Census of Population or subsequent special census.

SPECIAL TABULATIONS

Special tabulations of data collected in the 1992 Census of Service Industries may be obtained, depending on availability of time and personnel, on diskette, computer tape, or in tabular form. The data will be in summary form and subject to the same rules prohibiting disclosure of confidential information (including name, address, kind of business, or other data for individual business establishments or companies) as are the regular publications.

Special tabulations are prepared on a cost basis. A request for a cost estimate, as well as exact specifications on the type and format of the data to be provided, should be directed to the Chief, Services Division, Bureau of the Census, Washington, DC 20233.

To discuss a special tabulation before submitting specifications, call 1-800-541-8345.

ABBREVIATIONS AND SYMBOLS

The following abbreviations and symbols are used in this publication:

*	See kind-of-business descriptions for SIC 72 and SIC 7384 in appendix A for treatment of plant outlets.
–	Represents zero.
#	Receipt line detail withheld due to insufficient reporting or to avoid disclosing data for individual companies.
(D)	Withheld to avoid disclosing data for individual companies; data are included in broader kind-of-business totals.
(NA)	Not available.
(S)	Withheld because estimates did not meet publication standards on the basis of either response rate, associated standard error, or a consistency review.
(V)	Less than 0.05 percent.
(X)	Not applicable.
CMSA	Consolidated metropolitan statistical area.
MA	Metropolitan area.
MSA	Metropolitan statistical area.
n.e.c.	Not elsewhere classified.
PMSA	Primary metropolitan statistical area.
pt.	Part.
r	Revised.
SIC	Standard Industrial Classification.

The following symbols are used in this publication to show employment size ranges for employment data that have been withheld to avoid disclosing data for individual companies (employment size range codes are provided for the first time in the 1992 Economic Census):

Symbol	Employment Size
AA	0–19
BB	20–99
CC	100–249
EE	250–499
FF	500–999
GG	1,000–2,499
HH	2,500–4,999
II	5,000–9,999

Users' Guide for Locating Statistics in This Report by Table Number

[Tables 1a and 1b are from the Geographic Area Series and contain United States level data for all kinds of business. Data items include number of establishments, receipts/revenue, annual payroll, first-quarter payroll, and paid employees. All other tables contain data for a specific kind of business (see table below) and include the following data items: number of establishments, receipts/revenue, and sources of receipts/revenue]

Kind of business	Table number	Kind of business	Table number
Hotels and motels	2, 3	Services allied to motion picture production	28
Other lodging places	4	Motion picture theaters	29
Camps and membership lodging	5	Video tape rental	30
Laundry, cleaning, and garment services	6	Dance studios, schools, and halls	31
Photographic studios, portrait	7	Theatrical producers, orchestras, and entertainers	32, 33
Beauty and barber shops	8	Bowling centers	34
Shoe repair shops and shoeshine parlors	9	Commercial sports	35
Funeral services and crematories	10	Physical fitness facilities	36
Miscellaneous personal services	11	Gymnasiums and athletic clubs	37
Advertising	12	Public golf courses	38
Credit reporting, collecting agencies	13	Coin-operated amusement devices	39
Mailing, reproduction, commercial art and photography, and stenographic services	14	Amusement parks	40
Services to dwellings and other businesses	15	Membership sports and recreation clubs	41, 42
Miscellaneous equipment rental and leasing	16	Amusement and recreation services, n.e.c.	43
Personnel supply services	17	Fairs	44
Computer programming, data processing, and other computer related services	18	Nursing and personal care facilities	45, 46
Detective agencies and protective services	19	Hospitals	47, 48
Photofinishing laboratories	20	Legal services	49
Business services, n.e.c.	21	Selected educational services	50, 51
Automotive rental and leasing, without drivers	22	Social services	52, 53
Automotive repair shops	23	Museums, art galleries, gardens	54, 55
Automotive services, except repair	24	Membership organizations	56
Miscellaneous repair services	25	Engineering, architectural, surveying	57
Motion picture and video tape production	26	Accounting, auditing, and bookkeeping	58
Motion picture and video tape distribution	27	Research, development, testing	59, 60
		Management and public relation services	61
