## FOREWORD

The *Philippines in Figures (PIF)*, an annual publication of the Philippine Statistics Authority (PSA), summarizes various statistics generated by PSA and other government and private agencies.

It covers the latest figures on population and demography; health and vital statistics; education and employment; social welfare; crime and delinquency; among others. It also includes data on the different sectors of the Philippine economy such as income and prices; manufacturing; foreign trade; public finance; banking and insurance; energy; and mines and minerals.

The PSA acknowledges and extends its gratitude to all agencies which provided the data used to generate this publication. It sincerely hopes that this publication will continuously and effectively serve as a useful tool for the statistical needs of its various stakeholders in the government and private sectors

<sup>1</sup> consists only of electrical wiring harness for motor vehicles.

<sup>2</sup> extracted from copper ores and concentrates.

<sup>3</sup> includes crude and refined.

<sup>4</sup> Includes consigned and direct importation using the expanded coverage of electronic products.

<sup>5</sup> includes communications and sound recording and reproducing apparatus and equipment.
