STATISTICS OFFICE

## INTRODUCTION

This is the twenty-ninth Abstract of Statistics to be published. The object of the Abstract is to provide a selection of statistics, in one compact volume, on topics of interest. Most of the information in this Annual Abstract is published separately, by a number of official departments and other authoritative sources and is already in the public domain. Current data for many of the tables appearing in this Abstract are contained in other Reports published by the Statistics Office, such as the Tourist Survey, Hotel Occupancy Survey and Employment Survey. A number of population statistics have been taken from the Census 2001, also published by the Statistics Office.

### Definitions and explanatory notes

The tables contain notes and definitions which are important to the proper interpretation and use of the statistics. Sources of information can be found on every page.

### Statistics Online

Copies of this Abstract can be obtained, free of charge from the Statistics Office or from the Publications Office (+350 70071) and are also available electronically on the Gibraltar Government Website ([www.gibraltar.gov.gi](http://www.gibraltar.gov.gi)).

The figures in the table have been estimated using the average number of persons arriving by yacht over the years 1996 to 2001 inclusive. This average was calculated at four persons per yacht. For 2004, actual yacht figures have been used.*
